

Penn Wood Chapter Newsletter October 10, 2012

A SPECIAL THANK YOU !!

FROM PAT FRANK

Thank You--These two words cannot express enough for all the members of Penns Wood Chapter have done for me over the many years since we first started to develop our chapter as a CHIP. The membership through the years has been so supported and caring. They have been an extended family to Charlie and I.

My trip to New Orleans was a dream. Every place I went someone came up and gave me a hug and was so excited that I received the "Pearl Moore Making a Difference" Leadership award. PW members that went to Congress, Susan, Ro, Beth, Joy, Rosemary, Sandy, Betty, Cathy, Alice, Kathy, Beth and Colleen showed me such a wonderful time.

& Tuesday, October 23, 2012 7:30 am to 4:30 pm

+++++

Presidents Note:

The year is almost over! Time flies when you are having fun! One of our high lights is when Pat Frank received and achieved the highest ONS award the "Pearl Moore Award". This is probably our proudest moment and one that is well deserved! The other is how far we have come in making provisions for the Navajo patients. They are very pleased with our efforts and outpouring of love and kindness. Thanks to you all! Please be mind full about the changes ONS is making for the new especially with regards to membership. The Board will be meeting for a full day in October more details to follow.

I will be traveling to South Africa from the second half of September till October the 7th to help with my aging parents.

Thanks for all your help and support!

Joy Hepkins RN OCN

Two of our past presidents Beth and Alice really had to pull strings to get there to share my special moments. Alice did not arrive till late Wednesday night and flew back out Thursday afternoon; Beth was able to arrange a speaking presentation to make it there. Every night we had a wonderful dinners together sponsor by Amber Pharmacy, Celgene, Caremark and ONS Edge. In Thursday night, Joy arranged something special. Each of my friends was asked to say one word what I mean to them. This was a very emotional and humbling moment for me to realize how much I have made a difference in people's life.

Our May's meeting I brought my award to share with everyone. I feel strongly that this award belong to all of Penns Wood, because without their support over the years, I could not have accomplish what was listed on the nomination form for this award.

Thank you all from the bottom of my heart,

Pat
